Summary

Motivated and detail-oriented **Full Stack Web Developer** with hands-on experience in **HTML, CSS, Bootstrap, JavaScript, Python, and Django**, and currently learning the **MERN Stack**. Adept at building responsive, user-friendly, and scalable web applications. Skilled in both frontend and backend development with a solid foundation in database management (MySQL, SQLite).

Skills

Frontend Frameworks & Tools: HTML5, CSS3, Bootstrap5, ReactJS

Backend Development: Python Django, Node.js & Express.js (familiar)

Programming & Scripting: C, C++, C#, JavaScript

Database Technologies: MS SQL Server, SQLite, MongoDB (familiar)

Tools: Git, GitHub, VS Code

Other: Computer Vision, AI & Machine Learning Algorithms

Projects

ResumEase: AI Powered HR Assistant

Tech: Python, Django, HTML, CSS, Bootstrap, JavaScript, SQLite, AI/ML

- Engineered an AI-based recruitment platform automating resume screening and interview scheduling.
- Improved HR efficiency by implementing smart resume parsing and skill-matching features.
- Developed responsive dashboards for recruiters to manage jobs, candidates, and interviews.

AuraScent

Tech: HTML, CSS, Bootstrap 5, JavaScript

- Built a modern online fragrance store with an **admin dashboard** for product and inquiry management.
- Focused on mobile-first design and streamlined customer interaction.

Car Dealer Website

Tech: Python, Django, Bootstrap, SQLite

- Designed authentication, search filters, and **inventory management system** for car listings.
- Enhanced data flow between users and admin panels for smoother management.

Revvin Rides – Automotive E-Commerce Platform

Tech: React, Bootstrap, CSS, JavaScript

- Created a **frontend prototype** for car e-commerce using React components and reusable UI elements.
 - Focused on responsive layouts, cart management, and intuitive navigation.
-

Education

Advanced Certification in JavaScript & Full Stack Development (MEAN-MERN)

Centre for Digital Literacy & Business Management | Sep 2025-Nov 2025

Bachelor of Information Engineering Technology

Superior University, Lahore, PK | 2021 – 2025
